

45 C.F.R. § 1321.15

Interstate planning and service area.

- (a) An interstate planning and service area is an agreement between the State agencies that have responsibility for administering the programs within the interstate area, in which the agreement increases the allotment of the State agency or agencies with lead responsibility and decreases the allotment of the State agency or agencies without the lead responsibility. The Governor of any State in which a planning and service area crosses State boundaries, or in which an interstate Indian reservation is located, may apply to the Assistant Secretary for Aging to request redesignation as an interstate planning and service area comprising the entire metropolitan area or Indian reservation. If the Assistant Secretary for Aging approves such an application, the Assistant Secretary for Aging shall adjust the State agency allotments of the areas within the planning and service area in which the interstate planning and service area is established to reflect the number of older individuals within the area who will be served by an interstate planning and service area not within the State.
