

45 C.F.R. § 1321.49

Intrastate funding formula.

- (a) The State agency of a State with multiple planning and service areas, as part of its State plan, in accordance with guidelines issued by the Assistant Secretary for Aging, using the best available data, and after consultation with all area agencies on aging in the State, shall develop and publish for review and comment by older individuals, family caregivers, other appropriate agencies and organizations, and the general public, an intrastate funding formula for the allocation of funds specific to each planning and service area to area agencies on aging under Title III for supportive, nutrition, evidence-based disease prevention and health promotion, and family caregiver services prior to taking the steps as set forth in § 1321.33. The intrastate funding formula shall be made available for public review and comment for a reasonable minimum time period (at least 30 calendar days, unless a waiver is provided by the Assistant Secretary for Aging during an emergency or when a time sensitive action is otherwise necessary). The formula shall reflect the proportion among the planning and service areas of persons age 60 and over in greatest economic need and greatest social need with particular attention to low-income minority older individuals. A separate formula may be provided for the evidence-based disease prevention and health promotion allocation to target areas that are medically underserved and in which there are large numbers of older individuals who have the greatest economic need and greatest social need for such services. The State agency shall review, update, and submit for approval to the Assistant Secretary for Aging its formula as needed.
