

## 45 C.F.R. § 2105.48

---

### When will the Agency require advance payment?

---

(a) The Agency may require advance payment before starting further work when it finds the estimated fee is over \$250.

(1) When the Agency determines or estimates that a total fee to be charged under this section will exceed \$250.00, it may require that you make an advance payment up to the amount of the entire anticipated fee before beginning to process the request. The Agency may elect to process the request prior to collecting fees when it receives a satisfactory assurance of full payment from a requester with a history of prompt payment.
