
45 C.F.R. § 2556.600

How is a position for a leader established in a project, or in multiple projects within a contiguous geographic region?

(a) At its discretion, AmeriCorps may approve the establishment of a leader position based on the following factors:

(1) The need for a leader in a project of a substantial size and with multiple VISTAs assigned to serve at that project, or the need for leader for multiple projects located within a contiguous geographic region.
