

## 45 C.F.R. § 303.35

---

### Administrative complaint procedure.

---

- (a) Each State must have in place an administrative complaint procedure, defined by the State, in place to allow individuals the opportunity to request an administrative review, and take appropriate action when there is evidence that an error has occurred or an action should have been taken on their case. This includes both individuals in the State and individuals from other States.
