

45 C.F.R. § 411.91

Medical and mental health assessments; history of sexual abuse.

- (a) If the assessment pursuant to § 411.41 indicates that a UC experienced prior sexual victimization or perpetrated sexual abuse, the care provider facility must ensure that the UC is immediately referred to a qualified medical or mental health practitioner for medical and/or mental health follow-up as appropriate. Care provider facility staff must also ensure that all UCs disclosures are reported in accordance with these standards.
