

45 C.F.R. § 800.402

Contract quality assurance.

- (a) *General.* This section prescribes general policies and procedures to ensure that services acquired under MSP Program contracts conform to the contract's quality requirements.
- (b) *Internal controls.* OPM may periodically evaluate the contractor's system of internal controls under the quality assurance program required by the contract and will acknowledge in writing if the system is inconsistent with the requirements set forth in the contract. OPM's reviews do not diminish the contractor's obligation to implement and maintain an effective and efficient system to apply the internal controls.
