

45 C.F.R. § 900.403

Supplemental EIS.

- (a) Supplements to either draft or final EISs shall be prepared, as prescribed in 40 CFR 1502.9, when the Commission finds that there are substantial changes are proposed in a project that are relevant to environmental concerns; or when there are significant new circumstances or information relevant to environmental concerns and bearing on the proposed action or its impacts.
