### Provision of services.

---

(a) *General.* (1) In order to comply with its community service assurance, a facility shall make the services provided in the facility or portion thereof constructed, modernized, or converted with Federal assistance under title VI or XVI of the Act available to all persons residing (and, in the case of facilities assisted under title XVI of the Act, employed) in the facility's service area without discrimination on the ground of race, color, national origin, creed, or any other ground unrelated to an individual's need for the service or the availability of the needed service in the facility. - (i) Is living in the service area with the intention to remain there permanently or for an indefinite period;
- (ii) Is living in the service area for purposes of employment; or
- (iii) Is living with a family member who resides in the service area.

(b) *Emergency services.* (1) A facility may not deny emergency services to any person who resides (or, in the case of facilities assisted under title XVI of the Act, is employed) in the facility's service area on the ground that the person is unable to pay for those services.
