Compliance officers should review how nonmonetary compensation and benefits are being tracked to confirm the organization is meeting the law's requirements. Pursuant to the Stark Law regulations at 42 C.F.R. § 411.357(k), there are exceptions for nonmonetary compensation. Under the federal Stark Law, hospitals may provide nonmonetary compensation to physicians up to an aggregate amount of $416 for calendar year 2019. To find updates on the amount each year, go to https://go.cms.gov/2ksS5zF
