

42 C.F.R. § 137.202

What types of information will Self-Governance Tribes be expected to include in the reports?

Reports will be derived from existing minimal data elements currently collected by Self-Governance Tribes, and may include patient demographic and workload data. Not less than 60 days prior to the start of negotiations or a mutually agreed upon timeframe, the IHS will propose a list of recommended minimal data elements, along with justification for their inclusion, to be used as a basis for negotiating these requirements into the Self-Governance Tribe's compact or funding agreement.
