

42 C.F.R. § 4.1

Programs to which these regulations apply.

- (a) The regulations of this part govern access to the National Library of Medicine's facilities and library collections and the availability of its bibliographic, reproduction, reference, and related services. These functions are performed by the Library directly for the benefit of the general public and health-sciences professionals as required by sections 465(b) (3)-(6) of the Act (42 U.S.C. 286(b) (3)-(6)).
