Right to services from an alternative provider.

- (a) *General requirements.* If an otherwise eligible program beneficiary or prospective program beneficiary objects to the religious character of a program participant, within a reasonable period of time after the date of such objection, such program beneficiary shall have rights to notice, referral, and alternative services, as outlined in paragraphs (b) through (d) of this section.
- (b) *Notice.* Program participants that refer an individual to alternative service providers, and the State government that administers the applicable programs, shall ensure that notice of the individual's right to services from an alternative provider is provided to all program beneficiaries or prospective beneficiaries. The notice must clearly articulate the program beneficiary's right to a referral and to services that reasonably meet the requirements of timeliness, capacity, accessibility, and equivalency as discussed in this section.
