

42 C.F.R. § 55a.301

What is required for an application from an entity other than a State?

An approvable application must contain the following:

(a) A plan for the provision of the services required by § 55a.201(a), consistent with the requirements of § 55a.201 (b) and (c). The plan must also contain at least the following elements:

- (1) A description of the target population to whom services are to be provided, including a statement of the need for services;
- (2) An assurance that charges shall be made for services rendered as follows:
