

42 C.F.R. § 59.8

How is a grant awarded?

- (a) The notice of grant award specifies how long HHS intends to support the project without requiring the project to re compete for funds. This anticipated period will usually be for three to five years.
- (b) Generally, the grant will initially be for one year and subsequent continuation awards will also be for one year at a time. A recipient must submit a separate application to have the support continued for each subsequent year. Decisions regarding continuation awards and the funding level of such awards will be made after consideration of such factors as the recipient's progress and management practices and the availability of funds. In all cases, continuation awards require a determination by HHS that continued funding is in the best interest of the government.
