

42 C.F.R. § 84.35

Changes or modifications of approved respirators; issuance of modification of certificate of approval.

- (a) Each applicant may, if he desires to change any feature of an approved respirator, request a modification of the original certificate of approval issued by the Institute for such respirator by filing an application for such modification in accordance with the provisions of this section.
- (b) Applications shall be submitted as for an original certificate of approval, with a request for a modification of the existing certificate to cover any proposed change.
