

42 C.F.R. § 87.7

For what period of time will grants be awarded?

- (a) The notice of grant award specifies how long the Secretary intends to support the project without requiring the project to re compete for funds. This period, called the project period, will usually be for 3-5 years.
- (b) Generally, the grant will initially be for 1 year and subsequent continuation awards will also be for 1 year at a time. A grantee must submit a separate application to have the support continued for each subsequent year. Decisions regarding continuation awards and the funding level of such awards will be of such factors as the grantee's progress and management practices, and the availability of funds. In all cases, continuation awards require a determination by the Secretary that continued funding is in the best interest of the Federal Government.
