

42 C.F.R. § 460.134

Minimum requirements for quality improvement program.

(a) *Minimum program requirements.* A PACE organization's quality improvement program must include, but is not limited to, the use of objective measures to demonstrate improved performance with regard to the following:

- (1) Utilization of PACE services, such as decreased inpatient hospitalizations and emergency room visits.
- (2) Caregiver and participant satisfaction.
