

42 C.F.R. § 484.320

Calculation of the Total Performance Score.

A competing home health agency's Total Performance Score for a model year is calculated as follows:

- (a) CMS will award points to the competing home health agency for performance on each of the applicable measures excluding the New Measures.
- (b) CMS will award points to the competing home health agency for reporting on each of the New Measures worth up to ten percent of the Total Performance Score.
