

42 C.F.R. § 485.713

Condition of participation: Physical therapy services.

If the organization offers physical therapy services, it provides an adequate program of physical therapy and has an adequate number of qualified personnel and the equipment necessary to carry out its program and to fulfill its objectives.

- (a) *Standard: Adequate program.* (1) The organization is considered to have an adequate outpatient physical therapy program if it can:
- (i) Provide services using therapeutic exercise and the modalities of heat, cold, water, and electricity;
 - (ii) Conduct patient evaluations; and
