

42 C.F.R. § 485.916

Condition of participation: Treatment team, person-centered active treatment plan, and coordination of services.

The CMHC must designate an interdisciplinary treatment team that is responsible, with the client, for directing, coordinating, and managing the care and services furnished for each client. The interdisciplinary treatment team is composed of individuals who work together to meet the physical, medical, psychosocial, emotional, and therapeutic needs of CMHC clients.

- (a) *Standard: Delivery of services.* (1) An interdisciplinary treatment team, led by a physician, nurse practitioner (NP), physician assistant (PA), clinical nurse specialist (CNS), clinical psychologist, clinical social worker, marriage and family therapist (MFT), or mental health counselor (MHC), must provide the care and services offered by the CMHC.
- (2) Based on the findings of the comprehensive assessment, the CMHC must determine the appropriate licensed mental health professional, who is a member of the client's interdisciplinary treatment team, to coordinate care and treatment decisions with each client, to ensure that each client's needs are assessed, and to ensure that the active treatment plan is implemented as indicated.
- (3) The interdisciplinary treatment team may include:
