

## 42 C.F.R. § 493.1471

---

### Standard: Cytology general supervisor responsibilities.

---

The technical supervisor of cytology may perform the duties of the cytology general supervisor or delegate the responsibilities to an individual qualified under § 493.1469.

- (a) The cytology general supervisor is responsible for the day-to-day supervision or oversight of the laboratory operation and personnel performing testing and reporting test results.
