

42 C.F.R. § 495.338

Health information technology implementation advance planning document requirements (HIT IAPD).

Each State's HIT IAPD must contain the following:

- (a) The results of the activities conducted as a result of the HIT planning advance planning document, including the approved state Medicaid HIT plan.
- (b) A statement of needs and objectives.
- (c) A statement of alternative considerations.
- (d) A personnel resource statement indicating availability of qualified and adequate staff, including a project director to accomplish the project objectives.
