

H4I Evaluating and Executing Physician Practice Acquisitions in Today's Market

Lara Flatau, Member, Bass, Berry & Sims, PLC. Brandt Jewell, Senior Vice President, Coker Group.

April 22, 2021

- Review industry trends as well as our client-based perspectives on physician practice acquisitions
- Outline structural options and models for practice acquisition and affiliation; address viable alternatives to acquisition or sale and describe strategic considerations and implications for hospitals/health systems and provider groups
- Discuss common pitfalls and recommendations for evaluating and executing practice acquisitions, and address key areas of due diligence from a legal, financial, and operational perspective
