

Reflection and Discussion: Research Grant Requirements for Reporting of Discrimination and Harassment

Phillip Escoriaza, Senior Counsel, Feldesman Tucker Leifer Fidell LLP.

May 13, 2021

- Provide an update on the latest studies and stories about diversity, discrimination, and harassment in the U.S. STEM workforce
- Explain the NSF, NIH, and NASA requirements incorporated into the terms of research grants
- Discuss how requirements in research grants related to discrimination can be incorporated in different ways into your compliance training, in order to consider specific scenarios relevant to your researchers
