

Report on Research Compliance Volume 17, Number 2. January 23, 2020

The 'Reappraised' Checklist for Evaluation of Publication Integrity

Not all items will be applicable to every publication, and other questions might be relevant for individual categories.^[1]

R — Research governance

- Are the locations where the research took place specified, and is this information plausible?
- Is a funding source reported?
- Has the study been registered?
- Are details such as dates and study methods in the publication consistent with those in the registration documents?

E — Ethics

- Is there evidence that the work has been approved by a specific, recognized committee?
- Are there any concerns about unethical practice?

A — Authorship

- Do all authors meet criteria for authorship?
- Are contributorship statements present?
- Are contributorship statements complete?
- Is authorship of related papers consistent?
- Can co-authors attest to the reliability of the paper?
