### Checklist for Validating Surescripts E-prescribing Identifiers

---

Without auditing, health systems may be unaware when physicians' e-prescribing identifiers, which are required for electronic prescribing, are invalid, says Debi Weatherford, executive director of internal audit at Piedmont Healthcare in Atlanta, Georgia, which uses Surescripts Provider Identifiers (SPIs). Piedmont developed the checklist. Contact Weatherford at [debi.weatherford@piedmont.org](mailto:debi.weatherford@piedmont.org).
