Department of Commerce study on status of microelectronics technologies in the United States industrial base

(a) In general

Beginning not later than 180 days after January 1, 2021, the Secretary, in consultation with the heads of other Federal departments and agencies, as appropriate, including the Secretary of Defense, Secretary of Homeland Security, and the Secretary of Energy, shall undertake a review, which shall include a survey, using authorities in section 4555 of title 50, to assess the capabilities of the United States industrial base to support the national defense in light of the global nature of the supply chain and significant interdependencies between the United States industrial base and the industrial bases of foreign countries with respect to the manufacture, design, and end use of microelectronics.
