
15 U.S. Code § 9303

Agency activities in support of sustainable chemistry

(a) In general

The agencies participating in the Entity shall carry out activities in support of sustainable chemistry, as appropriate to the specific mission and programs of each agency.

(b) Activities

The activities described in subsection (a) shall—

- (1) incorporate sustainable chemistry into existing research, development, demonstration, technology transfer, commercialization, education, and training programs, that the agency determines to be relevant, including consideration of—
 - (A) merit-based competitive grants to individual investigators and teams of investigators, including, to the extent practicable, early career investigators, for research and development;
 - (B) grants to fund collaborative research and development partnerships among universities, industry, and nonprofit organizations;
 - (C) coordination of sustainable chemistry research, development, demonstration, and technology transfer conducted at Federal laboratories and agencies;
 - (D) incentive prize competitions and challenges in coordination with such existing Federal agency programs; and
 - (E) grants, loans, and loan guarantees to aid in the technology transfer and commercialization of sustainable chemicals, materials, processes, and products;
