

Report on Medicare Compliance Volume 31, Number 12. April 04, 2022

Flowchart for Billing Medication Management, With and Without Psychotherapy

By Nina Youngstrom

This flowchart was developed by Betsy Nicoletti, a consultant in North Andover, Massachusetts. She recommends behavioral health providers “go back to the basics” to improve compliance with billing and documentation requirements for psychotherapy and medication management.^[1] Problems in these areas were described in a new HHS Office of Inspector General audit.^[2] Contact Nicoletti at betsy@betsynicoletti.com.
