

Win, Place, and Show: Making a Trifecta Bet on Revenue Integrity, Risk Management, and Quality in Chronic Care Management Services

Win, Place, and Show: Making a Trifecta Bet on Revenue Integrity, Risk Management, and Quality in Chronic Care Management Services

Regina Alexander, Senior Manager & Director, IRO Services, BerryDunn.

Susan Prior, Principal, BerryDunn.

2022-03-28

- Define CMS requirements for delivery and reimbursement of chronic care management services, including conditions of payment and program integrity enforcement trends
- Discuss key CCM compliance, revenue integrity, quality, and risk management considerations, as well as the financial and quality implications of incorporating CCM as a means of practice improvement; presenters will use real world case studies to illustrate
- Develop CCM operations strategies that satisfy risk management, achieve revenue integrity objectives, and further your organization's journey toward healthcare's quadruple aim
