

40 C.F.R. § 1090.1225

Recordkeeping requirements for gasoline additives.

(a) *Gasoline additive manufacturers.* In addition to the requirements in § 1090.1205, a gasoline additive manufacturer must keep records of the following information for each batch of additive produced or imported:

- (1) The batch volume.
- (2) The date the batch was produced or imported.
