

40 C.F.R. § 1090.1850

Procedures related to in-line blending waivers.

In addition to any other procedure required under this subpart, an auditor must perform the procedures specified in this section for a gasoline manufacturer that relies on an in-line blending waiver under § 1090.1315.

- (a) Obtain a copy of the gasoline manufacturer's in-line blending waiver submission and EPA's approval letter.
