

## 40 C.F.R. § 1090.300

## Overview and general requirements.

- (a) Diesel fuel is subject to the ULSD standards in § 1090.305, except as follows:
- (1) Alternative sulfur standards apply for 500 ppm LM diesel fuel and ECA marine fuel as specified in §§ 1090.320 and 1090.325, respectively.
- (2) Exemption provisions apply as specified in subpart G of this part.
- (b) Diesel fuel additives must meet the requirements in § 1090.310.
- (c) A diesel fuel manufacturer or diesel fuel additive manufacturer must demonstrate compliance with the standards in this subpart by measuring fuel parameters in accordance with subpart N of this part.
