

Finding your Risk Assessment Rhythm

Stefany Samp, Senior Manager, Risk & Controls Consulting, Crowe, LLP.

2022-10-13

- Recognize key risk assessment terminology. Choose a risk assessment model that fits your organizational and business needs, including enterprise, compliance, internal audit, and/or fraud risk assessments.
- Collaborate between departments such as Compliance, Risk and Internal Audit to streamline activities. Plan risk assessment activities that have a steady rhythm in order to better engage your stakeholders.
- Formulate risk rankings and develop reporting that will result in reliable, understandable, and actionable results
