

Report on Medicare Compliance Volume 31, Number 41. November 14, 2022

News Briefs: November 14, 2022

By Nina Youngstrom

◆ In a new MLN Matters article, CMS said that starting in January 2023, home health agencies (HHAs) may use three new G codes to bill for home health services delivered by telehealth.^[1] Reporting the codes is voluntary until July, when they will become mandatory on home health claims.
