Number of Participants

The number of participants is defined as the number of individuals who agreed to participate (i.e., those who provided consent or whose records were accessed, etc.) even if all do not prove eligible or complete the study. The total number of research participants may be increased only with prior IRB approval.

Approved Number of Participants

Ohio State IRB approved number of participants (or records, specimens, etc.). This will be listed as groups (e.g., 50 teachers, 100 students) if that is how it was entered in the original application (this field is auto-calculated and not editable):

18 students (Total numbers = 18)

Participant Enrollment

For research approved by an Ohio State IRB, provide the total number of participants (or records, specimens, etc.) enrolled in the research to date. This can be listed as groups (e.g., 50 teachers, 100 students)\*

If actual total enrollment to date exceeds the IRB approved number, provide an explanation.
