Compliance officer training on Medicare billing

by Catherine Boerner

I am very impressed by the Centers for Medicare & Medicaid Services' (CMS) Medicare Learning Network (MLN) courses on Medicare Billing for Part A and Part B services. It is vital for compliance officers to have a fundamental understanding of the billing process to engage with patient financial services, revenue integrity, and auditors. These free courses have great links to resources, including the Medicare Program Integrity Manual and the Medicare Claims Processing Manual.
