

42 U.S. Code § 19134

Advisory committee on engineering biology research and development

(a) In general

The agency co-chair of the interagency committee established under section 19133 of this title shall, in consultation with the Office of Science and Technology Policy, designate or establish an advisory committee on engineering biology research and development (in this section referred to as the “advisory committee”) to be composed of not fewer than 12 members, including representatives of research and academic institutions, industry, and nongovernmental entities, who are qualified to provide advice on the Initiative.
