# 21 U.S. Code § 360bbb-5a

---

## Emerging technology program

---

### **(a) Program establishment**

#### **(1) In general**

The Secretary shall establish a program to support the adoption of, and improve the development of, innovative approaches to drug design and manufacturing.

#### **(2) Actions**

In carrying out the program under paragraph (1), the Secretary may—

- (A) facilitate and increase communication between public and private entities, consortia, and individuals with respect to innovative drug product design and manufacturing;
- (B) solicit information regarding, and conduct or support research on, innovative approaches to drug product design and manufacturing;
- (C) convene meetings with representatives of industry, academia, other Federal agencies, international agencies, and other interested persons, as appropriate;
- (D) convene working groups to support drug product design and manufacturing research and development;
- (E) support education and training for regulatory staff and scientists related to innovative approaches to drug product design and manufacturing;
- (F) advance regulatory science related to the development and review of innovative approaches to drug product design and manufacturing;
- (G) convene or participate in working groups to support the harmonization of international regulatory requirements related to innovative approaches to drug product design and manufacturing; and
- (H) award grants or contracts to carry out or support the program under paragraph (1).
