

42 U.S. Code § 285f-5

Research centers for pathogens of pandemic concern

(a) In general

The Director of the Institute, in collaboration, as appropriate, with the directors of applicable institutes, centers, and divisions of the National Institutes of Health, the Assistant Secretary for Preparedness and Response, and the Director of the Biomedical Advanced Research and Development Authority, shall establish or continue a multidisciplinary research program to advance the discovery and preclinical development of medical products for priority virus families and other viral pathogens with a significant potential to cause a pandemic, through support for research centers.
