

## 40 C.F.R. § 60.721a

---

### Definitions.

---

(a) As used in this subpart, all terms not defined in this subpart shall have the meaning given them in the Act or in subpart A of this part.

*Business machine* means a device that uses electronic or mechanical methods to process information, perform calculations, print or copy information, or convert sound into electrical impulses for transmission, such as products classified as: electronic computing devices; calculating and accounting machines; telephone equipment; office machines; and photocopy machines.

*Coating operation* means the use of a spray booth for the application of a single type of coating (*e.g.*, prime coat); the use of the same spray booth for the application of another type of coating (*e.g.*, texture coat) constitutes a separate coating operation for which compliance determinations are performed separately.

*Coating solids applied* means the coating solids that adhere to the surface of the plastic business machine part being coated.
