

40 C.F.R. § 60.722a

Standards for volatile organic compounds.

- (a) Each owner or operator of any affected facility which is subject to the requirements of this subpart shall comply at all times with the emission limitations set forth in this section on and after the date on which the initial performance test, required by §§ 60.8 and 60.723 is completed, but not later than 60 days after achieving the maximum production rate at which the affected facility will be operated, or 180 days after the initial startup, whichever date comes first. No affected facility shall cause the discharge into the atmosphere in excess of:
