

Compliance Today – July 2020 American Academy of Actuaries releases FAQs for COVID-19

By Sascha Matuszak

The FAQ, released April 24, gives insight into the effects the pandemic will have on Medicaid and Medicaid managed care organizations.^[1] The document addresses six questions:

1. What will be the impact of COVID-19 on Medicaid enrollment?
2. What will be the impact on per capita Medicaid service expenditures?
3. How will the increase in federal medical assistance percentage affect state budgets?
4. How will Medicaid managed care organizations be affected?
5. What flexibilities are available to address the uncertainties in Medicaid managed care rate setting?
6. What are the effects on long-term services and supports use and spending?
