

# After the Public Health Emergency, What's Next for Telehealth?

---

Theresa Langley , Senior Associate, Husch Blackwell.

Michele Tran , Senior Counsel, Texas Childrens Hospital.

2023-10-11

- Examine the flexibilities that have become permanent for Medicare reimbursement as well as those that have been extended through December 31, 2024, by the Consolidated Appropriations Act 2023
- Understand the DEA's proposed permanent rules to allow the prescription of controlled medications via telemedicine for specific controlled substances and time periods with the end of the Ryan Haight Act
- Discuss the end of the OCR's privacy enforcement discretion at the end of the PHE and its guidance on how to provide audio-only telehealth services in compliance with the HIPAA privacy rule
