How do convictions for the possession or sale of controlled substances affect an Eligible Individual's ability to use their award?

(a) Except as provided in paragraph (b) of this section, an Eligible Individual who is convicted under Federal or State law of the possession or sale of a controlled substance is not eligible to use his or her education award from the date of the conviction until the end of a specified time period, which is determined based on the type of conviction as follows:

(1) For conviction of the possession of a controlled substance, the individual is ineligible from the date of conviction for—
