

## Report on Supply Chain Compliance Volume 3, Number 14. July 23, 2020 US Senate pushes forward with EARN IT Act

By Sascha Matuszak

The United States Senate Committee on the Judiciary <u>unanimously approved</u> an amended version of the EARN IT Act, a key step in the process of the bill becoming law. [1] The EARN IT Act was drafted to protect children from online predators by using Section 230 protections under the Communications Decency Act of 1996 to <u>force</u> <u>companies to comply [2]</u> with a set of guidelines established by an appointed committee.
