

# Attorney Contacts, Subpoenas, Deposition, & Testimony – How Having a Legal Proceedings Consultant Can Protect Your Institution

---

Brandy Bewley, Legal Proceedings Consultant, University of Washington.

June 5, 2020

- Understand a treating provider's role in a patient's legal matter as well as the provider's rights, obligations, and options related to attorney requests
- Understand the HIPAA requirements that must be met to ensure a healthcare provider and institution are complying with applicable laws
- Understand how a legal proceedings consultant can benefit a healthcare institution and play an important role in protecting it from liability exposure by helping its providers better understand applicable laws and policies to facilitate cooperation with the legal process
