

# HIPAA's Right of Access: What Will the Ciox Decision Change? HIPAA's Right of Access: What Will the Ciox Decision Change?

---

William Roberts, Associate, Shipman & Goodwin LLP.

April 13, 2020

- Ensuring patient right of access is a key requirement of HIPAA
- A recent federal court decision (Ciox) may change how access requests are handled
- This webinar will address what covered entities need to know about handling access requests
- We will address how the decision may lead to a change in process and policy
- Covered entities will learn strategies and options for operating in the new environment
