

AMP IT UP: Move Your Compliance Program from Good to Great

Jacki Cheslow, Director, Business Ethics & Compliance, Avis Budget Group.

September 16, 2019

- Now that the building blocks for a good compliance program - policies, training, assessments, remediation, and more - are in place, what more is needed to move your program from good to great?
- This session is designed to be a fun and interactive open discussion among peers. The goal is to get and keep your creative juices flowing and help you to identify best practices and strategies for elevating your program to the next level.
- Join us as we tap into the wisdom of the crowd rather than rely on a "sage on the stage".
